EDUCATION

Virginia Polytechnic Institute and State University

Blacksburg, VA

Bachelor of Science

Expected May 2028

Major in Computer Science; Intended Minor in Cybersecurity

University GPA: 3.76/4.0; Dean's List

Relevant Coursework: Software Engineering; Operating Systems; Algorithms; Artificial Intelligence; System Design

WORK EXPERIENCE

Virginia Tech National Security Institute

Arlington, VA

AI Research Intern

June 2026 – Present

- Engineer AI chatbot enhancements using RAG, API integrations, and prompt engineering to target 85% BERTScore and 100% SysIDE accuracy while maintaining low justification diversity.
- Evaluate and refine LLM performance using ROUGE and BLEU metrics while collaborating in an Agile Scrum environment with Ollama models running on GPUs.

OnPoint Data Strategy

Ashburn, VA

Data Operations Intern

June 2026 – Present

- Manage data operation workflows, including list rentals, data loading, and QC, while processing 1,250+ removal requests
- Assist in the design and implementation of AI-driven workflow automations and leverage APIs through Postman to configure webhooks and improve system integrations.

Marshalls

Leesburg, VA

Retail Associate

Aug 2023 – Aug 2024

- Delivered customer service in a fast-paced retail environment while maintaining a loyal clientele through interactions.
- Stocked, organized, and replenished merchandise as well as handling transactions and maintaining store organization.

PROJECTS

Safe Route (Personal Project)

May 2026 – Present

- Develop an interactive educational web application teaching safety concepts through quiz-based gameplay.
- Design components and deploy on Vercel, integrating real-world safety statistics to create an engaging learning experience.

IDEAS Undergraduate Research

Feb 2025 – Present

- Conduct undergraduate research on AI, machine learning, and natural language processing (NLP) to improve mental models for engineering decision-making and sustainability.
- Report findings to the team during weekly meetings through written work and presentation.

CAMPUS INVOLVEMENT

Kappa Theta Pi National Professional Fraternity

Aug 2025– Present

Building Impactful Tech with Students Club (BITS)

Aug 2025– Present

Girls Who Code Club (GWC)

Aug 2025– Present

Phi Sigma Pi National Honor Fraternity - Historian

Feb 2025 – Present

Center for Engineering Excellence and Discovery - Mentee (CEED)

Aug 2024 – May 2025

CERTIFICATIONS

DeepLearning.AI - Supervised Machine Learning: Regression and Classification

Jan 2026

CompTIA - IT Fundamentals+ Certification

May 2022

ADDITIONAL

Technical Skills: Java, Python, C, JavaScript, React, HTML/CSS, Git, Linux, Postman, Ollama, RAG, JupyterHub

Languages: English, Spanish
